Test Review & Lecture: 1:30pm - 6:15pm

# ACT Prep Class Schedule Winter 2021-2022

## The 36-point test measures your skills in 4 areas:

**English:** Punctuation, grammar, usage, sentence structure; rhetorical skills (strategy, organization, style).

**Math:** Pre-algebra, elementary algebra, algebra/coordinate geometry, plane geometry/trigonometry.

**Reading:** Learning to interpret what is explicitly stated in a passage and reasoning to determine implicit meanings in both short and long passages.

**Science:** Data representation, research summaries and conflicting viewpoints will be analyzed for critical relationships between data; to make generalizations to gain new information, draw or make new conclusions.

## *ACT Boot Camps (Advanced)*

For serious and committed students looking for an intensive push, our ACT Boot Camps are an ideal option. We offer 5-day or 10-day rigorous camps that include daily full-length ACT diagnostic exams and instructor led class lecture and detailed test review sessions. This structure empowers our students with the endurance and the confidence necessary to succeed when they take the real ACT.

Over the course of the class, our program will equip you with the skills, knowledge and confidence to perform well on test day. Our instructors will spend time on test mechanics & test-taking strategies including time saving techniques, how to read a reading passage vs. a science passage efficiently, and multiple-choice elimination strategies. Our classroom is serious but fun. In addition to traditional lectures, our instructors use games and activities to keep the students engaged while learning.

The Boot Camps still cover conceptual learning, strategies and the fundamentals of the test specific to the needs of the class and the challenges of the given day. Our Boot Camp curriculum was assembled by our team of instructors and test prep curriculum developers to empower students be ready on their ACT test day.
